TAA 
COMPLIANT

110-INCH IR TOUCH NON-TOUCH

Remarkable technological progressions and reduced costs have significantly broadened the market for large 4K displays. The incorporation of IR 40-point touch in cutting-edge designs, such as the 110-inch model, is paving the way for new avenues in digital signage, corporate webinars, and infotainment. We welcome you to share your latest project with us and let our proficient engineers assist you in harnessing the substantial opportunities available in this dynamic field.
